

Corporate Reporting Insights for Airlines

Turning CFOs, Corporate Reporting and FP&A Professionals Into Superheroes

Get Board Presentations & Investor Ready Docs (Faster)

Ace Peer Benchmarking

See where you stand. Compare the companies you want to see, for the time periods you want to view.

Enhance Reporting

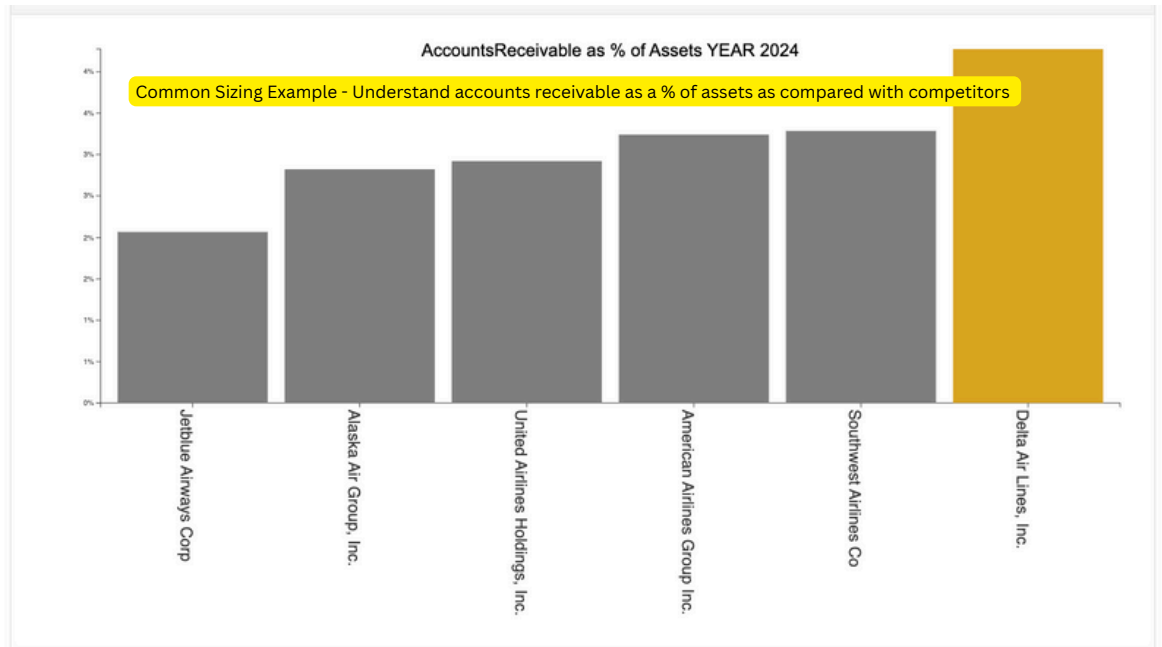

Connect the dots. Identify how companies adopt accounting standards, report footnote topics, present & tag XBRL data.

Gain Fresh Insights

Understand industry trends. Uncover granular details and hidden opportunities and risks directly from regulatory filings.

“Without Calcbench, our process would have suffered severe delays as we hunted through the haystack. Instead, we found the needle in minutes, and had our whole problem solved in less than a day.”
FP&A Director

Why Calcbench

Calcbench is an interactive financial data platform that extracts and catalogs fundamental and footnote data from SEC filings, enabling precise, flexible analysis of disclosures. Trusted by Fortune 100 - 1000 corporations, the U.S. Securities and Exchange Commission, big four accounting firms, and top asset management firms (by AUM).

Key Features

Structured and raw (unstructured) data from Earnings Releases, 10-Qs, 10-Ks, 8-Ks, Proxy Statements, and more * 19,000+ publicly traded companies/entities going back to 2009 * 1,500 data points and over 100 datasets available in real-time * Data traceable back to the source * Compare any number or text over time.
